

# 34<sup>rd</sup> EUROPEAN KENDO CHAMPIONSHIP 2026

19-21 June 2026  
Podgorica,  
Montenegro

Dear Friends,

This June we will welcome delegations from 36 EKF Member Federations to the **34th European Kendo Championships 2026 in Podgorica, Montenegro**. Welcome to the great country between the Mediterranean Sea and the Black Mountains, with a long history right in the heart of the Balkans! The rather small Montenegrin federation, while asking and receiving support from neighbours and friends, accepted the sizeable task of planning and hosting an EKC, which includes the responsibility and management of more than 650 people, the general logistics of four days of tournaments and related events. My due respect for taking on the challenge and navigating it well – so far.

Europe beyond Kendo today is in an historically difficult position and is managing it not too badly: Between Russia's war against Ukraine, the conflict between the USA and Iran and the difficult situation around Israel and Gaza, Europe and the world, or at least some parts of it, are desperately searching for a way into a peaceful future despite wars started by others. These issues increasingly also affect the world of sport and even our small kendo universe, which should better be kept separate and follow the general mission of peace and understanding among peoples. Although we know and support that private sports organisations cannot control and should not be held responsible for the actions of their respective governments, we also have to accept that this separation cannot be upheld absolutely.

In this situation, a united and strong Europe – politically and in Kendo - is our best chance for the future. United we stand, divided we fall! In that respect we are happy to know that Montenegro, a member of the European Kendo Federation since 2007, also politically is proceeding to be fully integrated in Europe. The struggle for democracy, honest cooperation and the rule of law has never ended and never will. This corresponds to the values and traditions of the disciplines overseen by our Federation. While we cannot and will not judge the whole world by these standards, they shall constantly remain guidelines for ourselves.

As an important help on our way, I welcome again a delegation from the ZNKR, consisting of highly distinguished sensei to support and guide our Kendo endeavours. They make a long trip and face big odds. *Arigato gozaimasu.*

I hope you will enjoy the Championships and your stay in this beautiful country. This is also the right time to spend a few days by the sea! Before that, I look forward to high-level competitions, fruitful meetings, adequate celebrations, and all conducted in the true spirit of Kendo.

Safe travels and Ganbatte!

**Dieter Hauck**

*President  
European Kendo Federation*

Dear Kendo Friends, Distinguished Guests, Officials, and Competitors,

On behalf of the Montenegrin Kendo Federation and the Organizing Committee, it is my absolute honor and privilege to extend a warm welcome to all of you to Podgorica for the 34th European Kendo Championships.

Hosting this prestigious tournament is a historic milestone for our federation and a deeply proud moment for the entire sports community in Montenegro. This weekend, Podgorica becomes the heart of European Kendo, bringing together over 600 extraordinary athletes, coaches, referees, and delegates from 36 nations.

Kendo is far more than a competitive sport; it is a profound path of self-improvement, lifelong discipline, and mutual respect. While the battles on the shiai-jo will undoubtedly be intense and full of fighting spirit, the true victory of this championship lies in the celebration of friendship, unity, and the shared values of Budo that connect our global Kendo family across borders.

We are exceptionally honored by the presence of the high-level delegation from the All Japan Kendo Federation (ZNKR). Your presence, guidance, and continuous support not only elevate the technical standard of this event but also inspire us to preserve the authentic spirit of Kendo.

An event of this magnitude would not be possible without immense cooperation and dedication. I would like to express my deepest gratitude to the European Kendo Federation (EKF) for their trust and confidence in our federation. I also extend our sincere thanks to, our sponsors, partners, and every volunteer and organizing committee member who worked tirelessly behind the scenes to turn this vision into reality.

To all competitors, I wish you to fight with a strong, unwavering spirit, to demonstrate your best Kendo, and to remain free from injuries. To our guests and spectators, I hope you enjoy the spectacular displays of skill and determination, and that you take some time to experience the natural beauty and warm hospitality that Montenegro is known for.

May the 34th European Kendo Championships be a memorable and inspiring journey for us all.

Best regards,

**Dejan Đurašković**

*President of Montenegrin Kendo Federation  
& Chairman of the EKC 2026 Organizing Committee*

# SCHEDULE

## Thursday 18.06.2026

10:00 - 11:00	EKF Ji-Geiko
14:00 - 18:00	EKF General Assembly (Main Hotel)

ALL JAPAN BUDOGU  
全日本武道具

*Leading the industry in both  
quality and production  
while preserving tradition  
and shaping the future.*

## We are All Japan Budogu

Ninety years ago, we became the first company to introduce machine stitching to kendo bogu. This innovation marked a major milestone in the development of kendo equipment, advancing the craft to a new level.

Today, many athletes competing in the All-Japan Kendo Championships and international tournaments personally visit the factory in Saito, Miyazaki Prefecture, to have their custom-made bogu prepared for competition.

# *Excellence through true craftsmanship*

## The world's leading Kendo Bogu producer

What sets our company apart from other kendo bogu manufacturers is that we are the only company in Japan with the capability to operate both domestic and overseas factories. This unique structure enables us to develop, manage, and innovate our products entirely in-house while directly training and supporting skilled artisans at every level of production.

## Kendo Bogu for everyone

We believe kendo is more than a martial art - it is a way of life. Our mission is to provide equipment that practitioners of all levels, from beginners to world-class competitors, can trust for both daily training and tournament performance.

We offer a wide range of bogu sets designed for every stage of the kendo journey, from keiko and beginner sets to high-performance equipment for experienced practitioners and professional-level competition.

*The Himuka Bogu Set - one of our signature Made-in-Japan models, crafted in our workshop in Saito, Miyazaki.*

#1

The latest model of our top selling brand - ALL JAPAN PITCH 2026 PREMIUM

# Aizome Japan

*Premium Aizome Dye meets our Kumamoto Workshop*

## Our new In-House brand: Aizome Japan

As a company committed to continuous growth and innovation, we have further evolved our brand through the creation of the “Aizome Japan” line, expanding our catalog with refined kendo items and accessories crafted in our Kumamoto workshop. Made from authentic aizome-dyed fabric and carefully handcrafted by skilled artisans in Kumamoto, this collection combines traditional craftsmanship with beauty, durability, and everyday practicality.

Renowned for its rich color and lasting quality, genuine aizome fabric develops a unique texture and character over time.

Every product is meticulously crafted at our own workshop in Kumamoto with careful attention to every detail.

# Why choose All Japan Budogu

## True Japanese craftsmanship

Our craftsmen and artisans have been making kendo equipment in the traditional Japanese way for many decades, some with more than 50 years of experience, while also training the next generation of artisans.

## Supporting Kendo Events

Our products have been recognized in world competitions and are frequently chosen by top athletes for their durability and comfort. Additionally, we regularly sponsor and attend kendo tournaments around the world.

## After-Service

We offer exceptional after-service to ensure the longevity and performance of your bogu. Our skilled team is ready to address your concerns and provide tailored solutions to meet your needs.

Visit our booth at the  
EKC 2026!

We look forward to  
meeting you there.
